CAREER OBJECTIVE

To grow in a progressive organization where my educational skills can help in achieving the goals of the company. I would like to exploit my potential and sense of obligation for the benefit of organization.

EDUCATION

Bachelor of Technology in Electronics and Communication Engineering

Annamacharya Institute of Technology and Sciences, Rajampet

CGPA: 8.7/10

2023 - 2027

Intermediate - MPC

Sri Sai junior college, Anantapur

95%

2021 - 2023

Secondary School Education

ZPH School, Kanumukkala

CGPA: 9.8/10

2020 - 2021

TRAININGS & INTERNSHIPS

Technotran – Internship Program

- VLSI – RTL Design with Verilog

PROJECTS

Bluetooth Based Door Lock System

2024 - 2025

Designed a Bluetooth Based Door Lock System to provide secure and convenient access control using wireless communication. The system enables users to lock and unlock doors through a Bluetooth-enabled mobile device, enhancing security and ease of operation.

Technologies: Arduino UNO, Bluetooth Module (HC-05), Servo Motor, Embedded C

Key Features: • Wireless door access using Bluetooth connectivity, Secure locking and unlocking through a mobile device, Real-time communication between smartphone and system and Low-cost and user-friendly security solution.

TECHNICAL SKILLS

Programming Languages: Basics of

Java, Python, SQL

Concepts: Object-Oriented Programming (OOP)

Web Technologies: HTML, CSS

Tools & Platforms: VS Code, GitHub, MATLAB

Operating Systems: Windows

CERTIFICATIONS & ACHIEVEMENTS

- NPTEL Certification – Quantum Algorithms and Qiskit
- Certified in PCB Design & Development
- Participation Certificate – Prototyping & Innovation Workshop

ADDITIONAL INFORMATION

Languages:

Telugu (Native), English (Intermediate)

Soft Skills:

Communication, Self-Driven, Critical Thinking, Team Collaboration
